

Did you know ASU currently offsets emissions equal to all ASU air travel? Each flight contributes \$20 to support urban forestry in the Phoenix metro area which increases shade, fights urban heat island, and stores carbon. <https://cfo.asu.edu/carbon-project>

Please be advised that, effective October 1st, Frontier Airlines is no longer participating in Sabre/GDS. As a result, Frontier will not appear in Concur Travel. If you need to book a flight on this carrier, please do so directly through Frontier Airlines' website.

## Departing Flight
